**It is Important to Read this to Insure Safe and Prompt Delivery of Goods.**

BETTER send too much than too little; all moneys sent in excess, will be returned; having too much saves delay in writing for balance due before goods can be shipped.

We prefer that remittances be made to us (to save delay) by *bank drafts on New York, post-office money orders or postal notes*, as personal checks have to pass through bank, and this delays your goods from three to four days. All orders are acknowledged on receipt, and if you don't get an acknowledgment you know we have not received your order.

**Goods Sent C. O. D.**

If you wish us to forward your goods C. O. D. by express, we will do so; but we strongly advise you not to order goods sent in that manner. The expense of returning money by express will add materially to the cost of your purchase, without any corresponding advantage. We, however, require prepayment of one-quarter the amount of the order.

Please state plainly which way you desire goods sent. We advise the use of express companies, as they are safest. Name company going to your place.

To insure your getting goods promptly, please send correct sizes.

All orders must be prepaid that go by mail; one dozen collars cost 15c. mailing, and one dozen cuffs, 25c. Smaller quantity in proportion.

## Our Terms and Mode o Doing Business.

OUR only terms, C. O. D. One-fourth of the amount must accompany your orders. Only orders of over $3 00 sent C. O. D. Smaller orders must be prepaid.

PLEASE NOTE.—We positively refuse to fill orders accompanied with more than *one dollar's worth of postage stamps.*

Mail Order Department only at 383 Broadway, where all communications must be addressed for that department.

Orders will not be sent by mail unless fully prepaid and accompanied by mailing charges, which are one cent per ounce.

Goods when sent by mail are at customers' risk.

Postage stamps will only be received in payment in sheets—not separated, and only *one dollar's* worth or less.

☞ C. O. D. orders, if not satisfactory, money will be cheerfully refunded. No goods sent subject to examination.

# Fall and Winter Suitings.

THERE are not in the United States six houses that can give a gentleman a suit which is not stamped on the face of it "ready made." Our object has always been to give you a suit which is exactly the same as made by high-class custom tailors, at one-third less cost; without the annoyance of trying on half a dozen times, and the selection of cloth, which looks well in the piece but made up is very disappointing. We use only skilled labor and best materials. Prices in the following pages will guide you. Kindly write for samples and let us know your taste. To send sizes correctly, refer to Self-Measurement Blank, page 54.
